ENGO One thermostat

The ENGO One thermostat is the 230V digital thermostat of the future: stylish, modern and packed full of app-controlled features.

Easy to set up and control, this self-learning thermostat can be operated remotely via your smart device with ENGO hub or manually through its intuitive interface.

Technical:

- Installed dimensions: 90mm x 90mm x 14mm
- Weight: 250g
- IP rating: IP30
- Communication protocol: Zigbee 3.0

Electrical data:

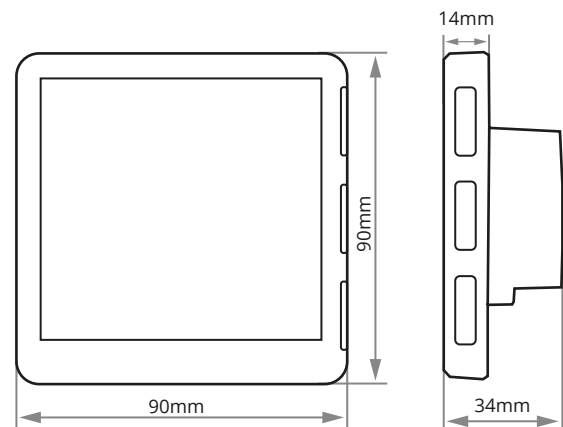

- Power supply: 230V AC 50/60Hz
- Rating: IP30
- Max switching current: 3A

Temperature range:

- Temperature range: 5°C to 35°C
- Accuracy: $\pm 0.5^\circ\text{C}$

Features:

- Mesh networking
- Programme and control via app
- Self learning
- Very large display, function buttons on the side
- App-controlled using the ENGO hub
- Floor or air temperature sensor compatible
- Voice control using Alexa / Google Home
- Push notifications from the app
- 5-year warranty
- Heating and cooling compatible
