

The EPH wiring centre has a 10-zone capacity, 230V pump output, volt-free boiler output, UFH valve output, and has 2 zones that can be used for radiators or hot water. It gives a complete solution for 230V wired underfloor heating controls.

**Technical:**

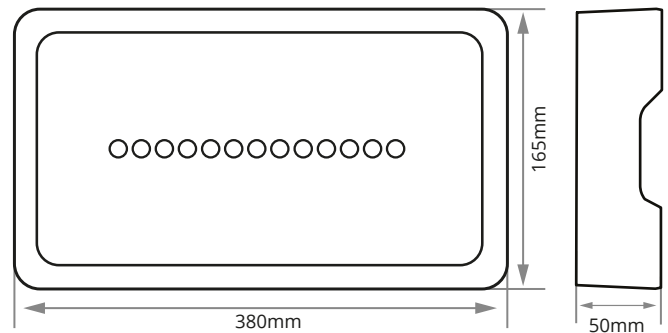

- Dimensions: 380mm x 165mm x 50mm
- Weight: 1230g
- IP rating: IP20
- Maximum actuators per zone: 4
- Operating temperature: 0°C to 50°C

**Electrical data:**

- Power supply: 230V AC 50/60Hz
- Fuse: 5A resistive
- Pump contact: relay max 8A
- Heat enable contact rating: 3A

**Features:**

- Easy to install
- Plenty of space for wiring
- 2 spare fuses within casing
- 10 zones
- LED status indication
- 230V power feed to UFH pump and zone valves
- 5-year warranty

**About us**

No ifs, no buts. The award-winning Continal® service means you get an underfloor heating system delivered to you on time, on site, every time, no compromise.
