

The ENGO hub is our smart gateway that allows you to connect your smart products to your mobile phone or tablet.

This high performing gateway can work through reinforced concrete and several partitioned walls with the external antenna. The network works on Zigbee 3.0, providing you with an advanced communication interface.

### Features:

- External antenna for boosted range
- Wall mounted for tidy installation
- Simple operation and easy to add devices
- 5-year warranty

### Technical:

- Installed dimensions: 90mm x 90mm x 22mm
- Weight: 250g
- IP rating: IP30
- Communication protocol: Zigbee 3.0 / WiFi 2.4GHz

### Electrical data:

- Power supply: USB-C 5V DC

### Compatibility:

- Works with all ENGO smart products using the communication protocol Zigbee

### About us

No ifs, no buts. The award-winning Continal® service means you get an underfloor heating system delivered to you on time, on site, every time, no compromise.
