

The Heatmiser wiring centre UH4 can be used in conjunction with our 230V thermostats.

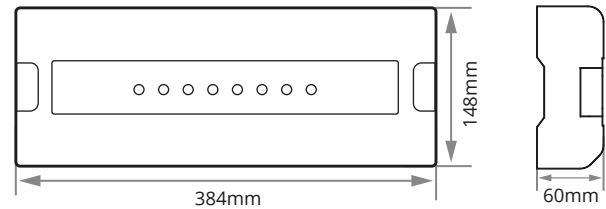

The UH4 provides central switching of up to 4 zones actuators as well as providing an output for a hot water cylinder, the system boiler and system pump.

When used for underfloor heating, you have the option of using zone 4 as a conventional radiator zone. You can also connect up to 6 actuators to each zone.

Features:

- 4 heating zones
- Radiator option
- DIN rail mounting
- LED output indication
- 6 actuator capacity per zone (max 5A)
- 2-year warranty

Technical:

- Installed dimensions: 384mm x 148mm x 60mm
- Weight: 435g
- IP rating: IP20

Electrical data:

- Power supply: 230V AC 50/60Hz
- Rating: 3A
- Total load: 5A

About us

No ifs, no buts. The award-winning Continal® service means you get an underfloor heating system delivered to you on time, on site, every time, no compromise.
