

Product datasheet

Heatmiser neoStat V2

The neoStat has been designed to be slim and stylish, and features proximity-based illuminated soft touch keys. neoStats are just a little bigger than a standard light switch, so you will notice what it does rather than where it is.

The neoStat smart thermostats can be controlled from anywhere when paired to the plug-and-play neoHub and smartphone app.

Technical:

- Installed dimensions: 85mm x 85mm x 15mm
- Weight: 250g
- IP rating: IP30
- Communication protocol: Zigbee 2.4GHz

Electrical data:

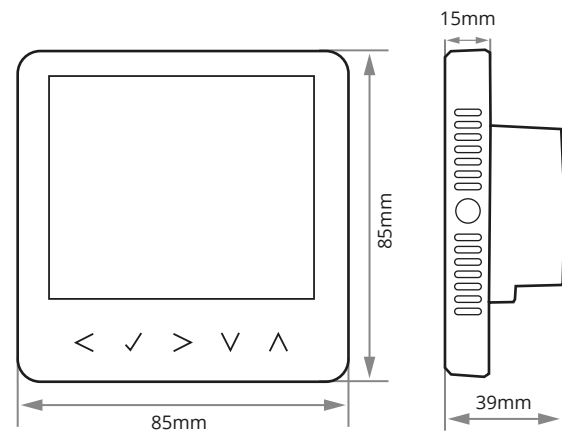

- Power supply: 230V AC 50/60Hz
- Rating: IP30
- Max switching current: 3A

Temperature range:

- Temperature range: 5°C to 35°C
- Accuracy: $\pm 0.5^\circ\text{C}$

Features:

- Easy install and operation
- Very large display
- App-controlled using the NeoHub
- Floor and air temperature sensor
- Mesh networking
- Voice control using Alexa, Google Home, Apple HomeKit and IFTTT
- Push notifications from the app
- 2-year warranty
